

## **ABRAHAM MEDEIROS**

Abraham (Abe) was born, raised, and currently lives in Framingham Massachusetts. He is the son of Brazilian Immigrants who came to America in search of better opportunities for their future family.

From the age of 11, Abe attended the Ron Burton Training Village which he credits as the biggest reason for his success today. Through RBTV he was awarded a full tuition scholarship to attend Stonehill College where he graduated with a Bachelors in Communication. Abe is now an HR professional at Bose Corporation where he worked in DEI&B and is currently an HR Business Partner supporting Bose's Engineering groups. He is passionate about Diversity, Equity, and Inclusion and has an incessant curiosity and appetite for learning. He is passionate about equity in education & racial economic inequality and hopes to one day give back to disadvantaged youth by providing the same level structure, encouragement, and financial support as he was blessed to receive from a young age through programs like the Ron Burton Training Village.
