

ASHLEY DE PIÑA NUNES

Ashley was born in Baltimore, Maryland, and raised in Fall River, Massachusetts. Raised by a single mother who immigrated from Guinea Bissau at a young age, she understood the importance of perseverance as well as the

significance of community. Dedicated to a lifetime of service, Ashley became an Ambassador at Project 351 in 2017 and joined Alumni Leadership Corp for four years. In 2022, she became a Service Hero for her commitment to community engagement as a student mentor and an assistant educator for local middle school students through the non-profit Coaching 4 Change. In the fall, Ashley returns to Brown University as a second-year student concentrating in Computational Neuroscience with hopes of someday becoming a pediatrician. Beyond the realm of academia, Ashley has sought firsthand experiences to deepen her understanding of the human condition. Working as a Medical Assistant at local hospitals, Ashley has become a part of the efforts to bridge the gap between her community and healthcare providers.
